

# SUMMIT OF KILIMANJARO

To summit Mt Kilimanjaro, the world's tallest free-standing mountain at just under 6,000 m (20,000 ft), on a breathless blue sky dawn, surely rates as one of life's great experiences.

# SUMMIT OF KILIMANJARO

The peak of Kilimanjaro dominates the north-eastern marches of Tanzania with unrestricted views defined only by the curvature of the earth and the haze of distance. As one of the “Seven Summits”, you have the opportunity to join a very select club. Epic boasts a summit success rate of over 90%.

## DAY 1: ARUSHA, TANZANIA

On arrival in Arusha, you will be met by your guide and transferred to your hotel. You will then be briefed in detail on the climb ahead.

## DAYS 2 – 7: MACHAME ROUTE, KILIMANJARO

This non-technical ascent allows for optimum acclimatisation time to prepare for the extreme altitude we will encounter on the summit attempt. Our team consists of the most experienced guides who mitigate extensively against risks; our camp is the highest specification of any on the mountain, with camp crew and porters shouldering the

bulk of the load. We carry oxygen plus a portable hyperbaric chamber and even test blood oxygen content levels morning and night.

## DAY 8: MACHAME ROUTE / ARUSHA, TANZANIA

Return to Arusha and overnight.

## DAY 9: ARUSHA

Today you link with your outgoing flight.

**Epic suggests** extending your trip to see the mountain gorillas of Rwanda, or the game-filled plains of Tanzania’s iconic national parks.

- Set **departure dates** are available.
- Minimum age 15 years.
- 9 day trip includes pre/post in Arusha.
- Prior to the climb, we provide comprehensive training and equipment advice, monitor your progress and check your kit way in advance of your departure.
