

KIMBERLEY ENCOUNTER

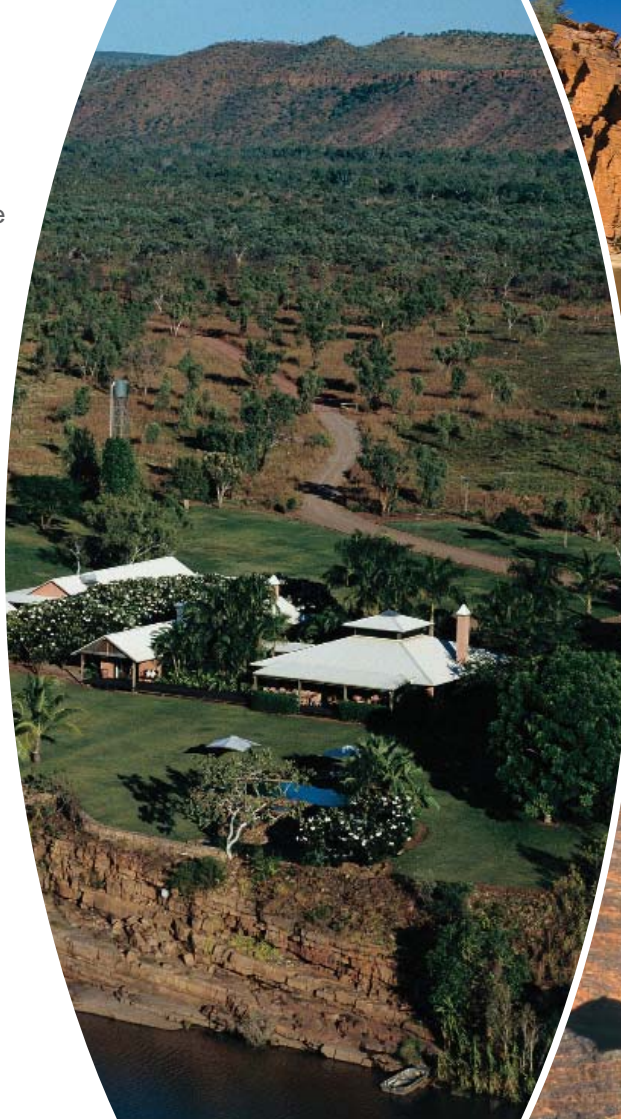

Discover the heartbeat of the remote Kimberley region. Experience the vivid colours of the broad vistas, expansive skies and pioneering characters of the outback.

LEVEL: ●●●●●

Epic suggests: **9 DAYS**

Best months: **APR - SEP**

KIMBERLEY ENCOUNTER

Explore the north-western region of Australia via plane, boat, helicopter and on foot – see for yourself the country that inspired Baz Luhrmann to shoot his epic film ‘Australia’.

DAY 1: DARWIN, NORTHERN TERRITORY

Today you meet in Darwin and fly by light aircraft to Bullo River. Traversing typical gulf savannah scenery, your first stop is a half million acre cattle station where you experience day-to-day life in the outback.

DAYS 2 – 3: BULLO RIVER, WESTERN AUSTRALIA

Everything about the Kimberley in north-western Australia is big, except for the crowds. The skies and sea are bluer than most, the stars are brighter, the distances vast, the baobab trees ancient, the picturesque gorges abundant and the characters quintessentially Australian.

DAYS 4 – 6: FARAWAY BAY

Fly over countless untouched beaches before

touching down at a luxury bush camp in the middle of nowhere. Catch a barramundi for dinner while cruising below towering sandstone gorges and viewing ancient aboriginal rock art.

DAYS 7 – 8: KUNUNURRA / EL QUESTRO

As a finale you visit one of Australia’s iconic landmarks; the red and black beehive domes of the Bungle Bungles. These, and the abutments of El Questro, provide a stunning contrast to the blues of the coast.

DAY 9: KUNUNURRA

Return to Kununurra to connect with your onward flight.

Epic suggests extending your trip with a visit to Broome, or diving with whale sharks at Ningaloo Reef (Apr – May).

- This programme is **fully customisable**.
- Minimum age 12 years (when staying at El Questro homestead). Alternative accommodation is available.
