

# NORTHERN TERRITORY UNPLUGGED

The contrast and depth of wildlife and culture afforded in Australia's Top end is an astounding feast for the senses.

LEVEL:

Epic suggests: **5 DAYS**

Best months: **APR - OCT\***

# NORTHERN TERRITORY UNPLUGGED

Go back to nature in style! Wildlife and nature lovers delight as you split your time between a luxurious African safari-style camp in the water-logged wetlands of the Mary River floodplains and the dusty, dry, anthill country of Arnhem Land.

## DAY 1: DARWIN, NORTHERN TERRITORY / KAKADU NATIONAL PARK

Arnhem Land is steeped in aboriginal history; this has been recorded in rarely seen rock art paintings for thousands of years in the caves of the granite escarpment. Privileged admission to a selection of these galleries allows us to sit and ponder from rock outcrops, where aboriginal elders have gazed upon their lands for eons - a truly humbling experience. Tonight your camp is set under the stars while you enjoy fire-side stories from your guide.

## DAYS 2 – 4: BAMURRU PLAINS

Ever wanted to zoom across an inland sea on an air boat? These high powered V8 beasts are loud and fast, yet provide an exhilarating sensation of calmly floating along the waterways amidst abundant birdlife, buffalo and the densest population of estuarine crocodiles in the world. You have three days to enjoy this Australian safari environment by road and river.

## DAY 5: BAMURRU PLAINS / DARWIN

Return to Darwin via light aircraft to connect with your onward flight.

- This programme is **fully customisable**.
- Minimum age 8 years.
- It is also possible to travel in March and November, however some activities may be limited due to the change in season.
